

CAD / Drafting Technologist

Posted April 10, 2018

Browne Johnson Land Surveyors is located in Salmon Arm, BC, in the heart of BC's beautiful Shuswap region. We're currently looking for a motivated and hard-working person to join our friendly team of technologists and professional land surveyors.

Browne Johnson offers a comprehensive benefits package and considers the health and wellness of its employees and their families to be a top priority.

This is a full-time permanent position as a CAD operator for the production of legal survey plans. The role may also include basic survey computations and plan checking. Occasional fieldwork is possible.

Responsibilities

- Using CAD products to produce a variety of survey drawings, including registerable legal plans
- Working closely with professional land surveyors, field crew, and clients
- Interpreting legal plans, field notes, and construction drawings
- Searching internal and public lands records for legal and spatial information
- Working safely and within defined safety protocol

Requirements

- Education and/or experience in AutoCAD or Microsurvey CAD
- Strong communication skills and excellent work ethic
- Detail orientation and focus on quality control
- Professional demeanour when interacting with clients, fellow employees and members of the public

Assets

- Experience drafting legal plans, topographic site plans, and building location certificates
- Experience performing Land Survey calculations
- Experience with Arc GIS or other mapping products
- Experience working as part of a land survey field crew

Browne Johnson is an equal-opportunity employer.

To apply, please forward your resume and a covering email / letter to office@brownejohnson.com.
